The final crop report of the season has been issued from the State Agricultural Department. It is made up from the reports of correspondents in about 100 counties, and is devoted mostly to the condition of the growing crop of wheat, which does not at this early time indicate that it will be a record-breaker. The cattle to be fed during the winter are only 67 per cent, of the stock of last winter.

A great many want to make their purchases a day or two before Christmas. Don't do that unless it is perishable goods. We want you to come as early in the month as you conveniently can. You secure better attention, as you know how crowded we are a few days before Christmas. It is time for you to buy your own and your boy's Winter Suit and Overcoat. During this month we will hold out special inducements in prices that, compared with other houses' prices, (quality considered) will make you a factor in making this month the biggest business doing one in our history.

Our line of Furnishing Goods, of which any article in it will make handsome holiday gifts, is as complete as you will find in the largest city. You will find here the latest creations in Neckwear, Shirts, Underwear, Hosiery, etc., at the lowest prices. If you buy a Stetson Derby or Soft Felt Hat of us you will have the newest shape designed by the most exclusive Hat House in the world.

Our Hanan & Son and W. L. Douglas Shoes, every pair of which we warrant to give satisfaction, have in a short time put us in the front rank as one of the Best Men and Boys' Shoe Houses in the state.

The big Indiana was up last night for Pomeroy.

The Queen City will be up tonight for Pittsburgh.

The Helen M. Gould will pass up tonight for Portsmouth.

The rivers are falling again at headwaters, after having reached a stage of 11 feet.

The Courier is now running in the Ohio-Cincinnati trade in opposition to the Helen M. Gould.

About 150 tons of coal which they could push got away from Pittsburgh on the present rise. Most of the coal is loaded in heavy boats.

Captain Ed J. Howard has brought suit in Cincinnati against the People's Coal Company for \$9,500 for building the towboat G. W. Thomas.

During the latter days of the famous towboat, Fred Wilson—about twenty years ago—she took twelve coalboats to New Orleans from Louisville and was back again in eighteen days.

The barges loaded with rails, wire nails and other Pittsburgh manufactured goods being transported by the Monongahela River Consolidated Coal Company, will no doubt aggregate 30,000 tons.

The railroad offices of the L. and N. and Kentucky Midland at Paris will probably be consolidated and operated under one management.

"Be true to yourself, he will not see."

All other things may pass for virtues in him."

The Cynthia Democrat is edited by a patriot who is not blinded by partisanship.

While he is a Democrat to the core, he can see the weak places in his party and in its legislation.

And those he wants corrected, that Kentucky may take her proper place in the great sisterhood of states.

He seconds the movement of the Maysville Board of Trade in the following effective way—

"Notice an article elsewhere in today's Democrat that regards Kentucky's having an appropriate and worthy display at the St. Louis Exposition in 1903.

Maysville's Board of Trade has taken the initiative, and Senator Cox will introduce the matter in the Legislature. It is certainly time for Kentucky to wake up and get out of the ruts and let the world know something about the resources and possibilities of the state.

The display at the Chicago Fair proved practically a failure because the means were too meager and the goods were too badly handicapped.

Since 1893 remarkable things have happened here. The deplorable political situations have been a terror to the people, and the impression is broadcast that we are a blood-thirsty people with no desire for commercial advancement or improvement.

Let us be left alone with our feuds and murders. The error must be corrected, and the St. Louis Exposition is one place to help it along. It is a duty of the Legislature to make an ample appropriation—along with that, it is its duty to repeat or amend the obvious laws that drive capital from us and hold Kentucky back in the grand procession of Southern states towards new and better things."

BRADLEY'S SMARTNESS.

Louisville Democrat.

Governor Bradley's opinion that the Goble Election Law was void is now upheld by the lawyers and Courts, and his other opinion that the grant of the power to the Prison Commission to parole convicts is also upheld. Next it will be found that Goble's Prison Commission is illegal. How would it be for the coming Legislature to appoint Bradley as guardian for Surber Beckham, and require him, without additional compensation, to advise the Gobleites on matters of law? "Darn old Bradley! He's smarter'n anybody," is the way Bill Thorne puts it.

"BUTTON, BUTTON, WHO'S GOT?"

Louisville Democrat.

For the first time in several years our townsmen, Colonel W. O. Bradley, see his brogan in the White House.

McKinley gave the distinguished Kentuckian the joy stare when Mr. Bradley wouldn't dance to Mr. Hanna's music, but President Roosevelt recognized the fact that Mr. Bradley is the biggest man in the Kentucky Republican ranks and lets him slide down his cellar door, climb the apple tree in the White House yard and halloo down the rain barrel all he pleases. A Kentucky pie hunter will get a cold potato for how Sean J. Rotter's place as Governor takes the ex-Governor's autograph to Washington.

Mrs. Jennie Barr, well known here, will leave Portsmouth Monday to spend the winter in St. Augustine, Fla., for the benefit of her health.

Mr. M. O. Purkiser, formerly of The Polity (O.) Times, is now located in Dallas, Tex., and is assisting in the publication of "Mayor's Magazine" and "The Grocer and Druggist."

The Committee appointed by the last General Conference of the Methodist Episcopal Church to revise the hymnal now in use in the Church has begun its labors at Cincinnati. The Committee's task is to select 400 of the 1,200 hymns now in use to be preserved in the new hymnal and to choose 200 new hymns to be added to the 400, making a new hymnal of 600 hymns.

Dr. J. W. Bates of Corfu, N. Y., states in a most remarkable case has come under my hands of late and has fully convinced me of the wonderful power of Dr. A. W. Chase's Nerve Pills over diseases of the nerves. "A young lady who was treated for over two years for epilepsy by two doctors was given up to die. I found that her sickness was not epilepsy, but nervous trouble, due to menstrual derangements, and prescribed four of Dr. Chase's Nerve Pills a day, after meals and at bed-time. Since that time she has not had a single bad spell. Her health has rapidly improved, she has gained about 15 pounds in weight, and I do not hesitate to state that Dr. A. W. Chase's Nerve Pills have saved her life and restored her to health."

Mrs. Fawcett of Marietta, St. Cloud, Minn., says: "I have used Dr. A. W. Chase's Nerve Pills and can recommend them to others as a good sound reliable nerve tonic. It has been the change towards health and comfort I am conscientiously saying they are my savior. I feel I am getting all the benefit possible."

See that the portrait and signature of Dr. A. W. Chase are on every box. Beware of cheap imitations. The box of Dr. A. W. Chase's Nerve Pills is manufactured by the Dr. A. W. Chase Medicine Co., Buffalo, N. Y.

WILL USE TROOPS.

Twenty-Five Negroes Implicated in a Murder, in Jail at Andalusia, Ala., Are Guarded.

FEARED THEY WILL BE LYNCHED.

Three Other Negroes, Names Unknown, Caught and Killed by a Posse for Alleged Implication.

The Whole White Population Is Up in Arms Against Colored People and Martial Law Was Declared.

Montgomery, Ala., Dec. 7.—Sheriff Bradshaw, of Covington county, Friday afternoon wired Gov. Jells that he had positive information a mob from Opp would attack the jail at Andalusia for the purpose of lynching the 25 Negroes implicated in the killing of J. W. Dorsey, a prominent merchant, and Pale Atkinson, city marshal at Opp, Wednesday. The Negroes were captured by Sheriff Bradshaw and placed in jail at Andalusia.

The sheriff and about 50 soldiers were sent to Andalusia without delay. The governor immediately ordered the militia company at Greenville to proceed by train to Andalusia and arranged with the railroad company for a special train.

Capt. Gamble, of the Greenville company, replied in 20 minutes that his company would leave for Andalusia in 30 minutes. The distance from Greenville to Andalusia is about 60 miles, and the military reached Andalusia at 7 o'clock. Should the mob reach Andalusia before the arrival of the troops a wholesale lynching may be the result.

A special from Andalusia, Ala., says:

The governor sent troops to aid Sheriff Bradshaw in protecting the Negro rioters in jail here, and the town is now under martial law. The sheriff is fearing an attack at any moment by a mob from Opp, and is prepared to protect his prisoners at all hazards.

Three Negroes, names unknown, were caught and killed by a posse of citizens near Opp for alleged implication in the riot and the whole country is up in arms against the Negroes. News has just received here that a Negro committed suicide near Opp. He was being pursued by a posse with bloodhounds and seeing that escape was impossible he shot himself.

PHILIPPINE ARMY.

The First Annual Report of Maj. Gen. Chaffee, Military Governor, Made Public.

AREA OF DISTURBED DISTRICTS.

Recommends That There Be No Further Material Reduction of the Troops Before January, 1903.

Since June 10 261 Filipino Officers and 3,683 Men Surrendered, and 26 Officers and 494 Men Have Been Captured.

Washington, Dec. 7.—The war department made public the first annual report of Maj. Gen. Adna R. Chaffee, military governor of the Philippine islands. Gen. Chaffee sums up the situation in the Philippines from a military point of view by stating that the provinces of Batangas and Laguna, in Luzon, the islands of Samar, Mindoro, Cebu and Bohol constitute the area now disturbed by any embodied force of insurgents. He says that the military condition of the country, to the nature of the warfare of the rebels, who are amiable and foe in the same hour, to the humanity of the troops, which is taken advantage of by the rebels and the insurgents who sympathize with them and to the fear of assassination on the part of the friendly disposed if they give information to the American forces, is due the prolongation of the guerrilla warfare.

He recommends that there be no further material reduction of troops before January, 1903. The civil government elements which are being organized—provincial and municipal—Gen. Chaffee says are both new and untried and there is but one certain and reliable method of ascertaining the progress of the Philippines in self-government, namely, observation by the army. On the subject of the military government of the city of Manila, Gen. Chaffee says:

The Government of Manila. "In the government of Manila for three years, if the military have done nothing it is everywhere apparent that an excellent foundation has been laid and a turbulent and a hostile community brought to observe the laws and individually be orderly; this has been done without undue harshness or severity of treatment of the inhabitants."

In anticipation of a partial concentration of the troops in the Philippines next year, Gen. Chaffee submits estimates of cost for the construction of quarters and barracks. He recommends that a permanent post be constructed at once in the vicinity of Manila for aarrison of two squadrons of cavalry, two batteries of artillery and two full regiments of infantry, to garrison a hotel and store house, the whole to be under the command of a brigadier general. He gives \$500,000 as a rough estimate of cost for this project, and says that \$200,000 should be available immediately in the dry season. For the construction of permanent quarters at other points which may be determined upon during the fiscal year ended June, 1903, he estimates \$2,000,000 is required.

American soldiers, he says, fall to discriminate between real and assumed friendship on the part of the Filipinos. A table is submitted showing that since June 10 last, the date of the last table submitted by Gen. MacArthur, up to September 15, 351 Filipino officers and 3,683 men surrendered to the American military had 26 officers and 494 men were captured.
